Electrical and consumable components include, but are not limited to, the following: circuit boards, power supplies, sensors, motors, motor brushes, switches, encoders, print heads, fuses, wiring, springs, clutches, solenoids, blades, wicks, water brushes, rubber belts, and rubber rollers.

If you discover a defect during the warranty period, please notify Postmatic, who, upon product examination, shall repair this product free of charge. You must insure components during transportation or bear the sole risk of damage or loss. Any parts or components of the product will be replaced or repaired by us, at our option, which prove upon examination to be defective. Damage caused in transportation or mailing is not covered by this warranty.

Postmatic is not responsible for special, incidental, or consequential damages resulting from any breach of warranty or under any other legal theory, including lost profits, downtime, goodwill, or damage to or replacement of equipment or property.
